several days I hope this get
to you by the end of Sept and
that you will be feeling much
better than when you wrote to
me. But I suppose you know
my name that the first 60 yes.

the rest will be much
more pleasant & easy than
the first 60. I know you
must get discouraged and down
in the dumps, because you are
sick and not able to work.

but an Arthur is a rather long
damn ant affair. and the
only thing you can do is
just take life easy and try
and be content until you
get well. I am ok. and having
a pretty easy time of it here
